

## Frogs in a Pit

Once, a group of frogs were moving through the forest when suddenly two of them fell into a pit. Seeing how deep the pit was, many frogs said that they would die. The two frogs tried to jump out of the pit. The other frogs kept telling them that it was useless to do so. Instead they told them to just take rest till they die. After many jumps, one frog decided to stop and lie down. The other frogs saw that and told the other frog to do the same and stop trying so hard. But

the frog continued to jump harder and harder and finally jumped out of the pit. He was so happy. He thanked all the other frogs for encouraging him and hopped along. The other

frogs were surprised and puzzled. Are you surprised too? Yes? Well, the truth is, the little frog was deaf, he thought the other frogs were cheering him on.

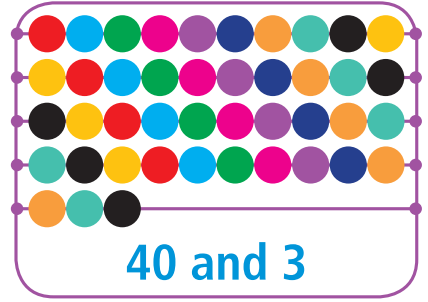

### Moral

Lucky are those who turn a deaf ear to negative words. Use words to encourage and not discourage people!
